Designer's Quick Tip

When using an 18" square of burlap to recreate this look, you'll be able to wrap 20 bouquets with one roll of Burly. When using 1.5" yards of ribbon, you'll be able to wrap 16 bouquets with one roll of Carnival ribbon.

1 Gather supplies.

2 Place burlap under flowers in a diamond shape. Fold the bottom corner up, making a triangle.

3 Fold the left corner of the burlap in towards the right of your bouquet.

4 Fold the right corner of the burlap in towards the left of your bouquet, covering the bottom and left side. Using ribbon, tie a simple bow.
