

LION RIBBON

Single Accent Loops on Pick

Supplies Used

- Offray Double Face Satin, 12 inches length
- Wired 6 inch wooden floral pick

Designer's Quick Tip

This is a great way to utilize scraps of ribbon! Save your cut ribbon scraps measuring over 12 inches long and use multiple colors of ribbon for variety!

- 1** Hold the cut ribbon and form a floppy loop about 4 inches in length, making sure one end of the ribbon is on the right and the other is on the left.

- 2** Pinch the loop at the bottom between your thumb and index finger.

- 3** Using your wired floral pick, secure the pinched end with wire.

- 4** Add your pick to your floral arrangement.
